

03/15/2013

Dear Sir/Madam,

I am writing this letter as a note of recommendation for Sunshine Services Unlimited who have repaved our parking lot. The job was not an easy one because of the amount of deterioration from settling and erosion. We initially selected Sunshine because of the price they gave us and after they have done a very good presentation during one of our Board meetings. They were very clear on what the problem was and what needed to be done.

During the start of the projects they first of all worked quickly to get the permit and got equipment on the ground with little delay. During the project they worked great with our maintenance staff and the lot intended for 230 cars got done in 4 days leaving only some finishing touches.

The project ran really smooth and fast and I with my fellow Board Members could not be more please. I would be happy to answer any additional questions and can be reached via e-mail andriul3@aol.com at any time. I highly recommend Sunshine Services Unlimited for anyone's paving project.

Sincerely,

A handwritten signature in cursive script that reads "John Andriulli".

John Andriully
